## Belie Health Foundation 2024 Goals

In 2024, the Belie Health Foundation is committed to transforming lives through a multifaceted approach, with goals that resonate with the essence of empowerment and community impact.

### 1. Empowering Education:

Empower 100 orphans and underprivileged individuals across all education levels by providing essential back-to-school necessities, fostering an environment conducive to quality education.

Approximate Amount Needed: 10,000,000 FCFA

### 2. Youthful Technological Empowerment:

Equip 75 ambitious youths with fundamental computer literacy skills, catalyzing their journey towards employability in an increasingly digital world.

Approximate Amount Needed: 8,000,000FCFA

### 3. Economic Empowerment for Women and Girls:

Transform the lives of 100 women and girls by imparting valuable income generating skills, paving the way for economic independence and fostering a sense of self-sufficiency.

Approximate Amount Needed: 6,000,000 FCFA

### 4. Health and Wellness Advocacy:

Enroll a minimum of 30 individuals at risk of non-communicable diseases, guiding them through a transformative journey of personalized diet, exercise, and lifestyle modifications over a dedicated 6-month period. This initiative aims to mitigate health risks, reducing complications and mortality associated with non-communicable diseases.

Approximate Amount Needed: 2,000,000FCFA

5. Empowering Sexual and Reproductive Health:

Expand our reach in schools from 2 to 5 institutions, providing accurate information and comprehensive sexuality education to empower students. This strategic move not only addresses gender-based violence but also strives to enhance sexual and reproductive health among the youth, fostering a healthier and more informed generation.

Approximate Amount Needed: 1,000,000FCFA
